- General
  - Leadership skills
  - Dedication to my work
  - High quality worker
  - Microsoft Office

## Work Experience

- September 2022 – Current  
**LEAD SUPERVISOR**, UREC CLIMBING WALL, GREEN BAY, WI  
As Lead Supervisor at the UREC Climbing Tower and Outdoor Adventure Center, I manage daily operations, combining staff leadership with facility and equipment oversight to ensure a safe and engaging environment. I lead staff training and Tower In-Services, create schedules, and coordinate with other supervisors to maintain consistency across the team. My responsibilities also include planning special events, teaching belay and climbing classes, and overseeing the care and inspection of equipment to uphold high safety standards. Through this role, I focus on staff development, proactive maintenance, and fostering a supportive community around outdoor recreation.
- September 2022 – Current  
**SUPERVISOR**, ASHWAUBENON COMMUNITY CENTER, ASHWAUBENON WI  
At the Ashwaubenon Community Center, I am responsible for the daily operations and upkeep of the facility. My duties include opening and closing the building, ensuring it is prepared and welcoming for renters. I provide supervision and interact with renters to address their needs and ensure a positive experience. Additionally, I manage the distribution of facility supplies for the renters to use. At the end of each day, I conduct thorough security checks to ensure the building is secure before closing for the night.
- June 2021 – September 2023  
**SHIFT LEADER**, SCOOP DEVILLE, HARTFORD, WI  
Responsible for scooping ice cream, preparing/serving food, taking payments, cleaning/maintenance and general customer service ensuring great customer experiences for our customers.

## Education

- *Current*  
**BA DEGREE IN PROGRESS**, UNIVERSITY OF WISCONSIN – GREEN BAY  
*Major: Computer Science – Software Engineering*
- *June 2021*  
**HIGH SCHOOL DIPLOMA**, HAMILTON HIGH SCHOOL  
*I had very high proficiency in hands on classes and creative skills. I enjoyed learning skills that I can use in my everyday life.*
- *June 2020*  
**BLACKSMITH APPRENTICESHIP**, BLACK OAK FORGE LLC  
*Welding, tool making, forging, and advanced blacksmithing techniques.*

## Activities

I am a very active person in many different fields of work and study. At UWGB I am a computer Science student with an emphasis in Software Engineering and enjoy learning about real world applications on the subjects being taught. I am also a part of the new computer science club on campus and enjoy learning from my peers. Outside of school and my professional life I am an award-winning Blacksmith and enjoy the outdoors.
